Rochester, MN 55904

Dear Patrick,

Thank you for participating in the National Parkinson Foundation Minnesota Chapter's Parkinson friendly training for fitness! We are excited to present you with your Parkinson friendly logo to be displayed at your gym/studio. This logo will allow those with Parkinson's and their loved ones to find services that are specialized and adapted to fit their unique needs. Your engagement in this program brings hope and confidence to those in the Parkinson's community who want to live a quality life today. We look forward to working with you to provide resources and support to those affected by Parkinson's disease!

With support of the community leaders such as yourself, NPFM envisions a future where people living with Parkinson's disease are vibrant engaged members of their community for as long as possible. When people impacted by Parkinson's disease feel welcome, communities thrive.

Believe in Better,

**Erin McGee**  
Program Manager
